

AL GHAITH GOLD DMCC

**GOLD BAR MANUFACTURER IN
UNITED ARAB EMIRATES**

Al Ghaith Gold DMCC, a significant new gold refiner and bar manufacturer in the UAE, was established in Dubai in 2007.

It manufactures a standard range of two cast bars: 400 oz, 1000 g.

The bars are used mainly by dealers and fabricators in the UAE and other countries in the Middle East.

Following its accreditation to the Dubai Multi Commodities Centre (DMCC) in 2009, the company's kilobar is being included in the Industry Collection.

BACKGROUND

Al Ghaith Gold DMCC is privately owned by the well known Al Ghaith family, who are based in Abu Dhabi. The family's extensive commercial interests also include real estate development, construction and the drilling of oil.

The company has been associated with the gold industry in Dubai since 1997, when it established Gold Land, a building with over a hundred precious metal and gem-related offices and retail shops. Gold Land is located close to Dubai's traditional Gold Souk.

The refinery is currently based in temporary premises in the Al Quoz Industrial Area. In 2011, it will be relocated to a new large plant (under construction) in the precious metal refining and jewellery manufacturing complex that is administered by the DMCC.

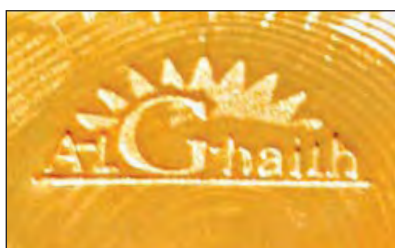

Annual gold refining capacity: approximately 100 tonnes.

Number of employees: 49
