

HERAEUS MULTICARDS

CONTAIN SMALL MINTED GOLD BARS

Issued by
Heraeus Metals Germany GmbH & Co. KG
Germany

Heraeus Metals Germany GmbH & Co. KG launched two **MultiCards** containing five, or ten, 1 g minted gold bars in September 2013.

The 1 g bars are square in shape and each MultiCard is sealed securely in blister packaging.

MultiCards assist those investors who prefer to own part of their gold holding in small 1 g units, as well as those who wish to use them as an attractive gold investment gift for family and friends.

They are manufactured in Switzerland by **Argor-Heraeus SA**, a leading international gold refiner and bar manufacturer. The company has been affiliated to Heraeus Holding GmbH in Germany since 1986.

Heraeus MultiCards were launched in 2013.

Weight	Type	Fineness	Shape	Dimensions mm	First Issued	Serial Number System
1 g	Minted	999.9	Square	10 x 10 x 0.6	2013	Letter Plus 5 numbers

Source: Heraeus Metals Germany GmbH & Co. KG

MultiCards are designed for those who wish to own or give gold in small units.

The 1 g bars bear the company's traditional "roses in hand" official stamp.

Heraeus MultiCards are available at selected banks and bullion dealers.
